ABOUT US

The Investment Promotion Center (IPC) of CCPIT, an affiliated enterprise of the China Council for the Promotion of International Trade, is a professional investment promotion agency that provides overall-process services for Chinese enterprises to enter other countries' market and for foreign companies to invest in China.

The IPC has close ties with Chinese government departments, enterprises of various kinds and international consulting companies, which will help our clients get quality and comprehensive service in their cross-border investment process.

If your company is getting ready to do business in China, the IPC is an obvious choice. Join us, you will get more opportunities and easily gain access to Chinese market.

WHY US?

✓ Strong credibility

The CCPIT has established more than 100 multilateral and bilateral cooperation mechanisms with relative organizations in the world.

✓ "One-stop" service

We provide overall-process services for enterprises to enter China, including consulting, financing, insurance, legal support, etc.

✓ Professional service team

Our rich experience in promoting cross-border investment and professional experts from different fields will guarantee the service.

✓ Expertise in Chinese investment policies

We are familiar with all kinds of investment policies in China. We will help overseas enterprises melt into the Chinese market.

✓ Close ties with enterprises

The CCPIT has more than 800 sub councils in China with millions of Chinese enterprises as its clients.

✓ Effective political relationship network

Relying on good ties with governments and economic development zones, we can help enterprises speed up investment process.

SERVICES

Business Consulting

To help enterprises make right investment decision, we provide for you accounting, taxes, legal support, market research, due diligence and other services.

Providing Investment Information

Jointly with various institutes, the IPC provides comprehensive industry reports, local government investment guidelines, and a huge project database.

Finding Partnership

The IPC will help foreign enterprises release cooperation information and seek Chinese partners, which will increase the chance of matching.

Facilitating Investment Process

We will assist foreign enterprises in transacting relevant executive approval procedures, performing the formalities for industrial and commercial registration, claiming patent, etc.

Public Relation Service

We will help investing enterprises deal with media and assimilate into local culture and society.

Organizing Business Trip

The IPC will help you arrange efficient and pleasant business trips in China and realize abutting joint with Chinese companies.
